General Information for Visitors

U.S. citizens do not require a passport to enter Canada. However, it would be helpful to carry some proof of U.S. citizenship, such as a birth certificate or voter's registration card.

FOR YOUR PROTECTION

Pink cards are no longer required by non-residents, but drivers involved in accidents where any person is killed or injured, or where property damage exceeds \$100.00 should be able to produce evidence of financial responsibility. All accidents, however minor, must be reported to the police.

TOURISTS' AUTOMOBILES

The entry of automobiles and trailers into Canada for touring purposes is generally a quick routine matter without payment of any duty or fee. Motor Vehicle Registration forms must be carried and if the vehicle is leased from a U-drive company, a copy of the rental contract is required.

Your driver's license, whether from any state of the U.S.A. or from other countries, is valid while vacationing in Canada for a period not exceeding three months.

FIREARMS, FISHING TACKLE

A visitor does not require a Federal permit to possess rifles, shotguns or fishing tackle in Canada. He must provide Canadian Customs with a description of such equipment and serial numbers of guns so that the articles may be readily cleared upon their return.

Such permission does not give the right to hunt or fish. 200 rounds of ammunition per person are admitted duty free. Revolvers, Pistols, and Fully Automatic Firearms are Prohibited.

SPORTING OUTFITS EQUIPMENT, ETC.

Visitors may also bring sporting outfits for their own use by declaring them at entry. These can include fishing tackle, portable boats, outboard motors, equipment for camping, golf, tennis and other games, radios, portable or table-model television sets, musical instruments, typewriters, cameras (with a reasonable amount of film and flashbulbs) in their possession on arrival, 200 cigarettes, 50 cigars, 2 pounds tobacco, two days of foodstuffs, and gasoline not in excess of normal tank capacity.

ARTICLES PURCHASED IN CANADA

United States residents returning from Canada may take back, once every 31 days, merchandise for personal or household use to the value of \$100, duty and tax free, provided they have remained in Canada at least 48 hours.

Members of a family household travelling together may combine their personal exemptions.

Persons crossing the International Boundary at one point and swinging back into the United States in order to take to another part of Canada should inquire at United States Customs regarding special exemption requirements.

Residents from countries other than the United States should ask the appropriate authorities of the country of their origin or its nearest consulate for detailed information about duty charged on articles purchased in Canada.

WEATHER AND CLOTHING

High temperatures are made more pleasant by generally low humidity. Although the days are warm and bright during the summer, the nights, especially in the mountain areas, are cool and conducive to good sleep.

During the summer vacation months wear the usual summer clothing, bringing a warm sweater for chilly evenings. For spring and fall bring some medium-weight apparel including a top coat. During the winter wear warm clothing and appropriate sports attire.

DOGS AND OTHER PETS

DOGS: from the United States of America must be accompanied by a certificate signed by a licensed veterinarian of Canada or the United States certifying that the dog has been vaccinated against rabies during the preceding twelve months; such certificate shall carry an adequate and legible description of the dog and date of vaccination and shall be initiated by the inspecting official at the Customs port of entry and returned to the owner.

There are no restrictions governing the temporary admission to Canada of pet cats.

CANADIAN MONEY

Canadian currency is now on the free market and its value in terms of U.S. dollars may fluctuate from day to day. Americans should buy Bank Drafts payable in Canadian funds, or Canadian currency from their own bankers in the United States.

THERE IS NO PROVINCIAL SALES TAX IN ALBERTA.

MACKENZIE HIGHWAY

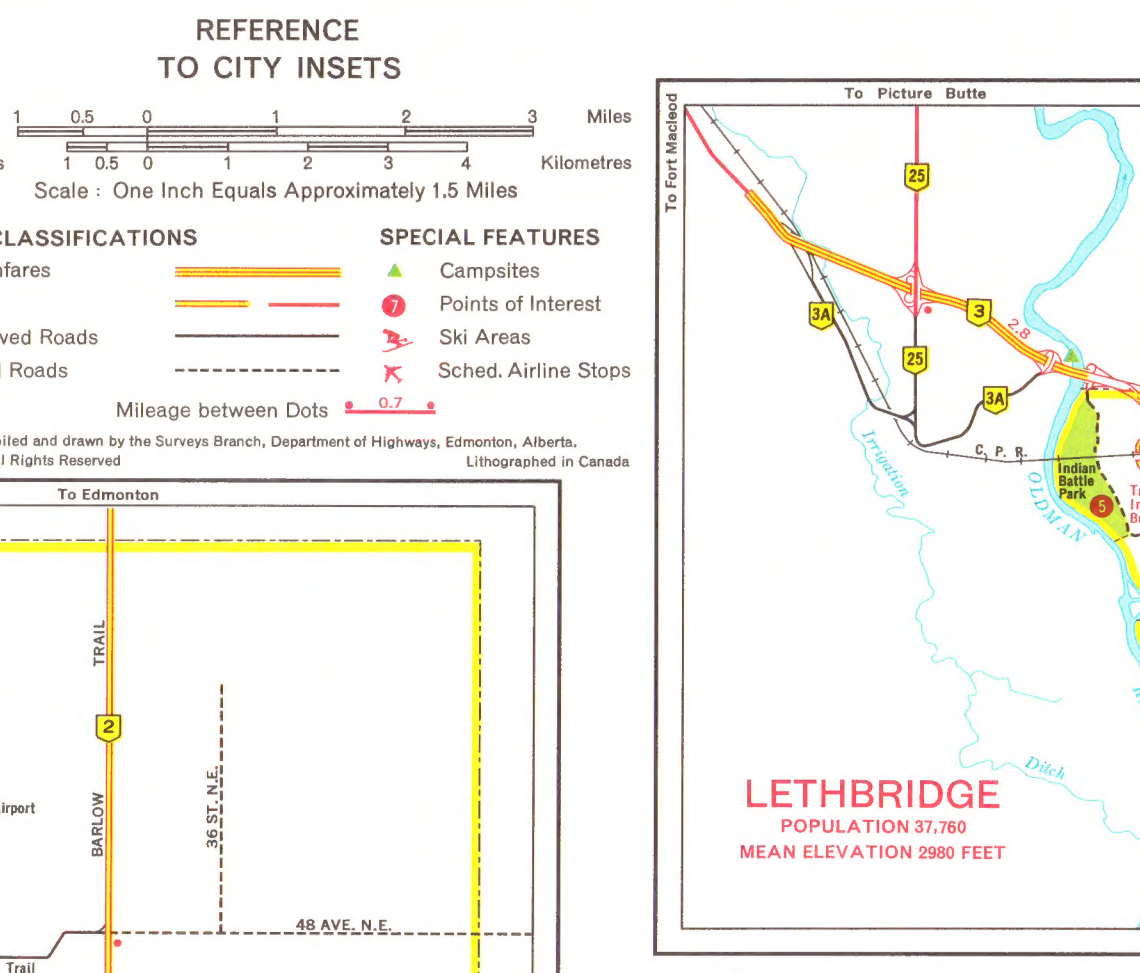

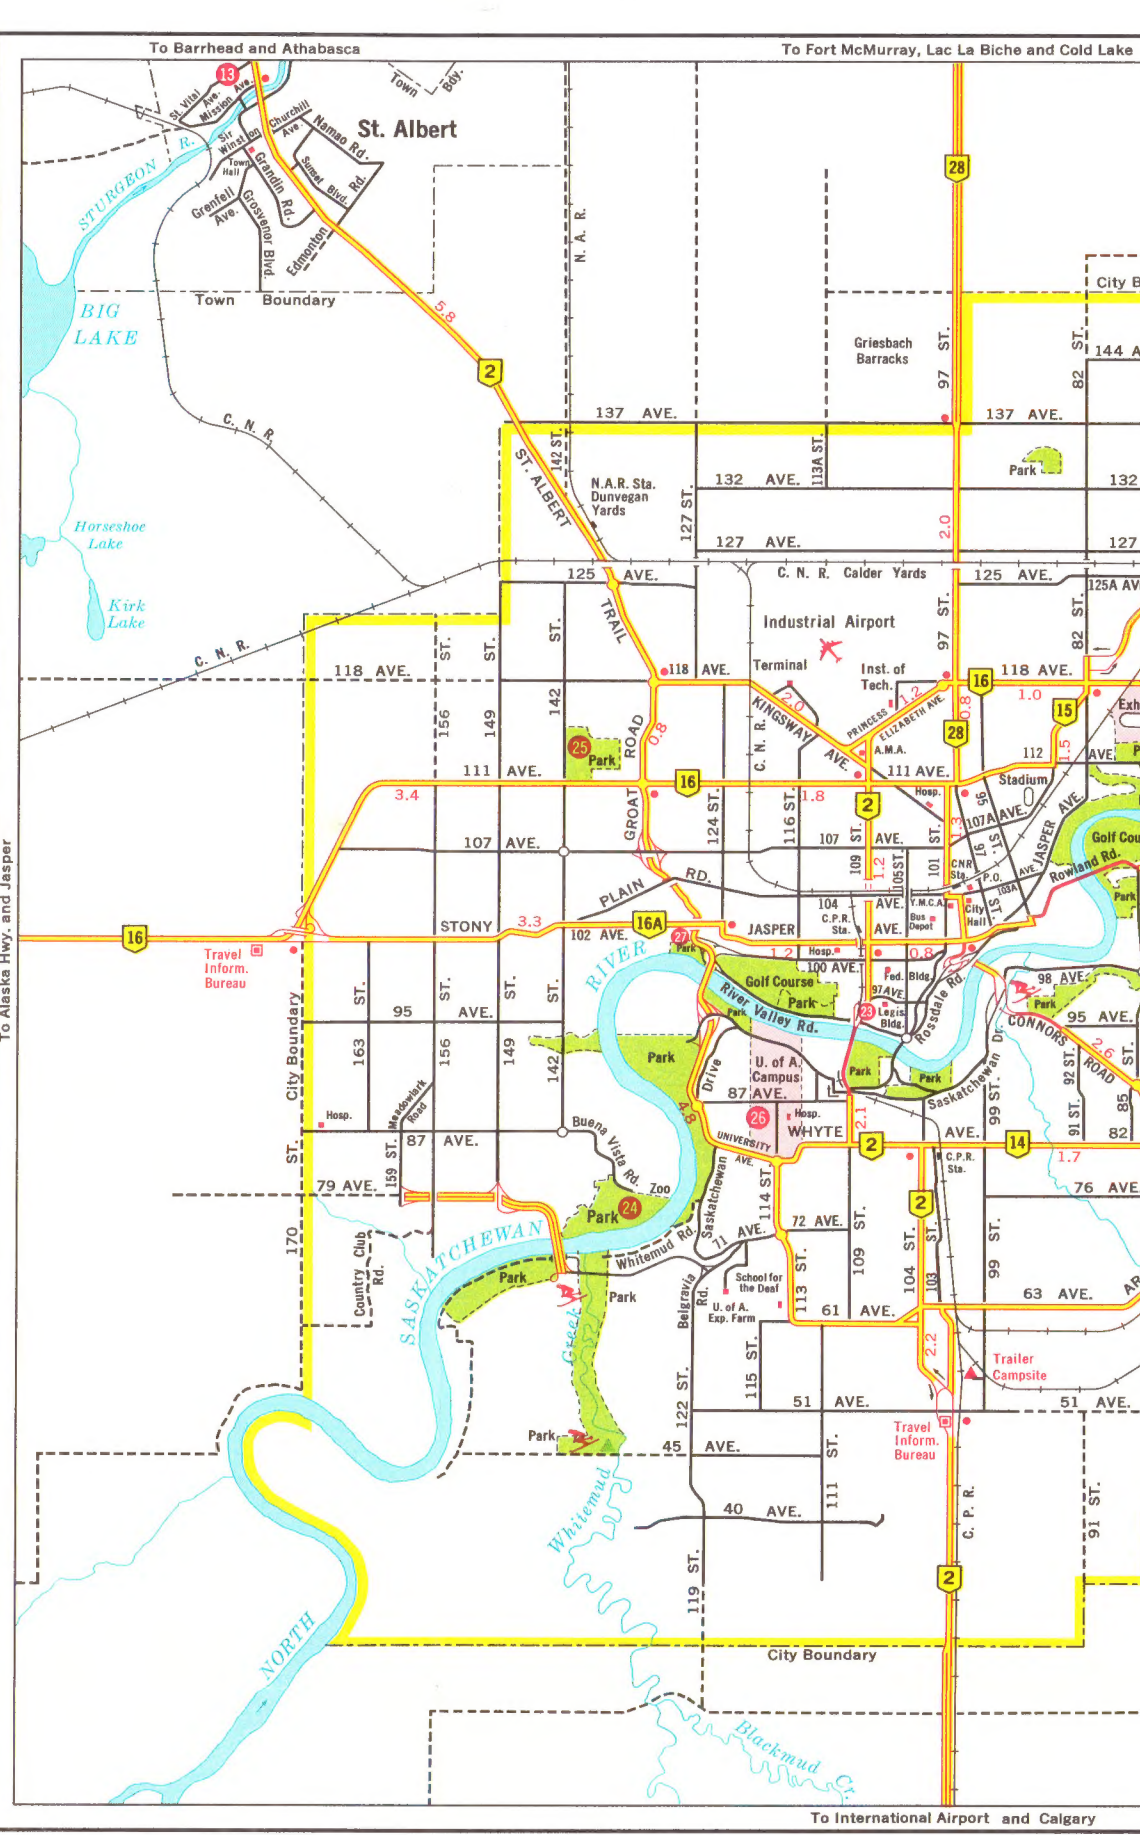

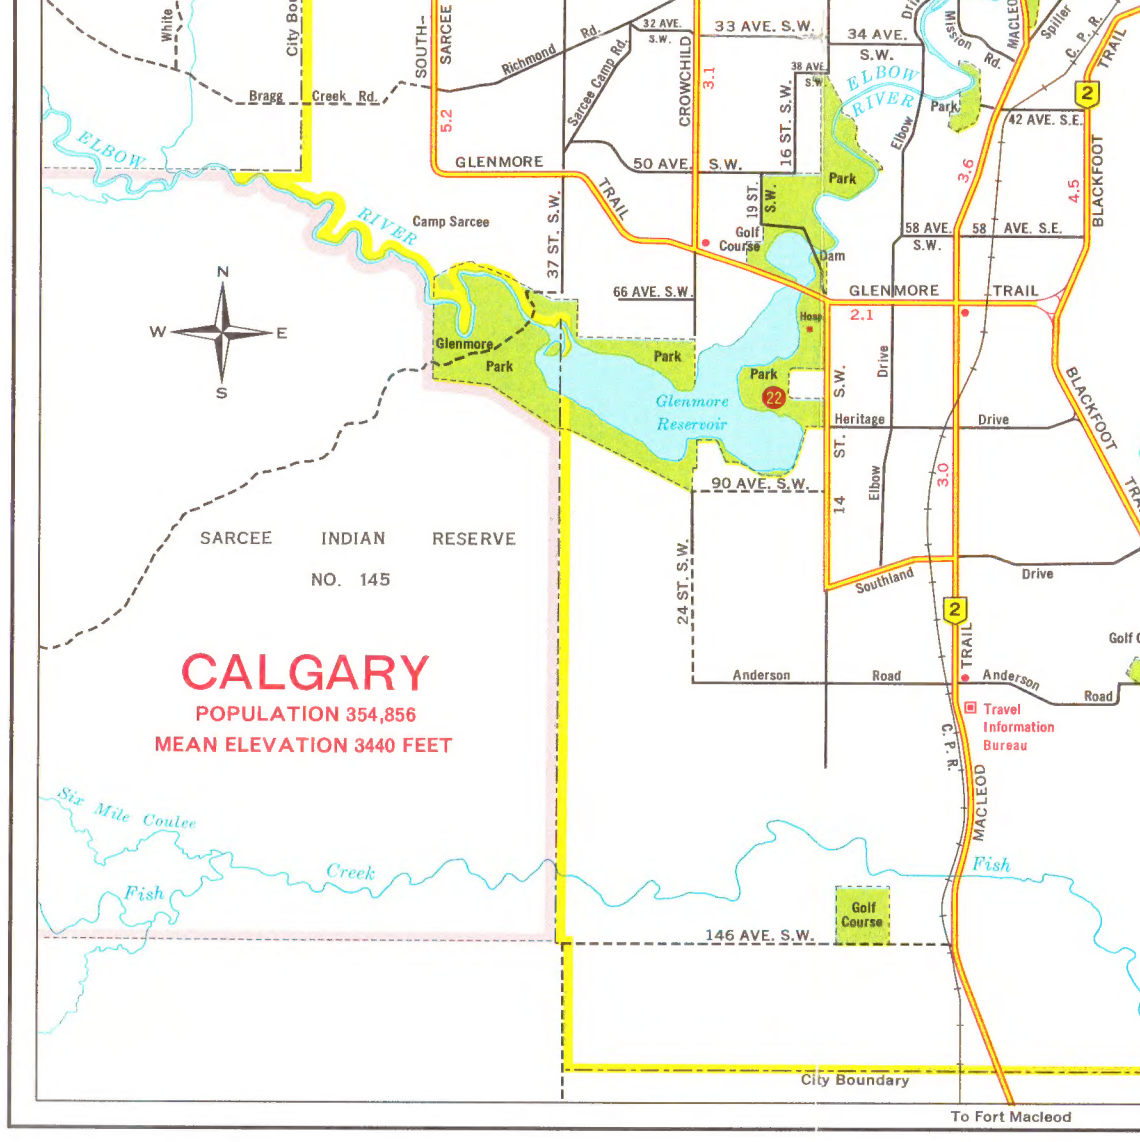

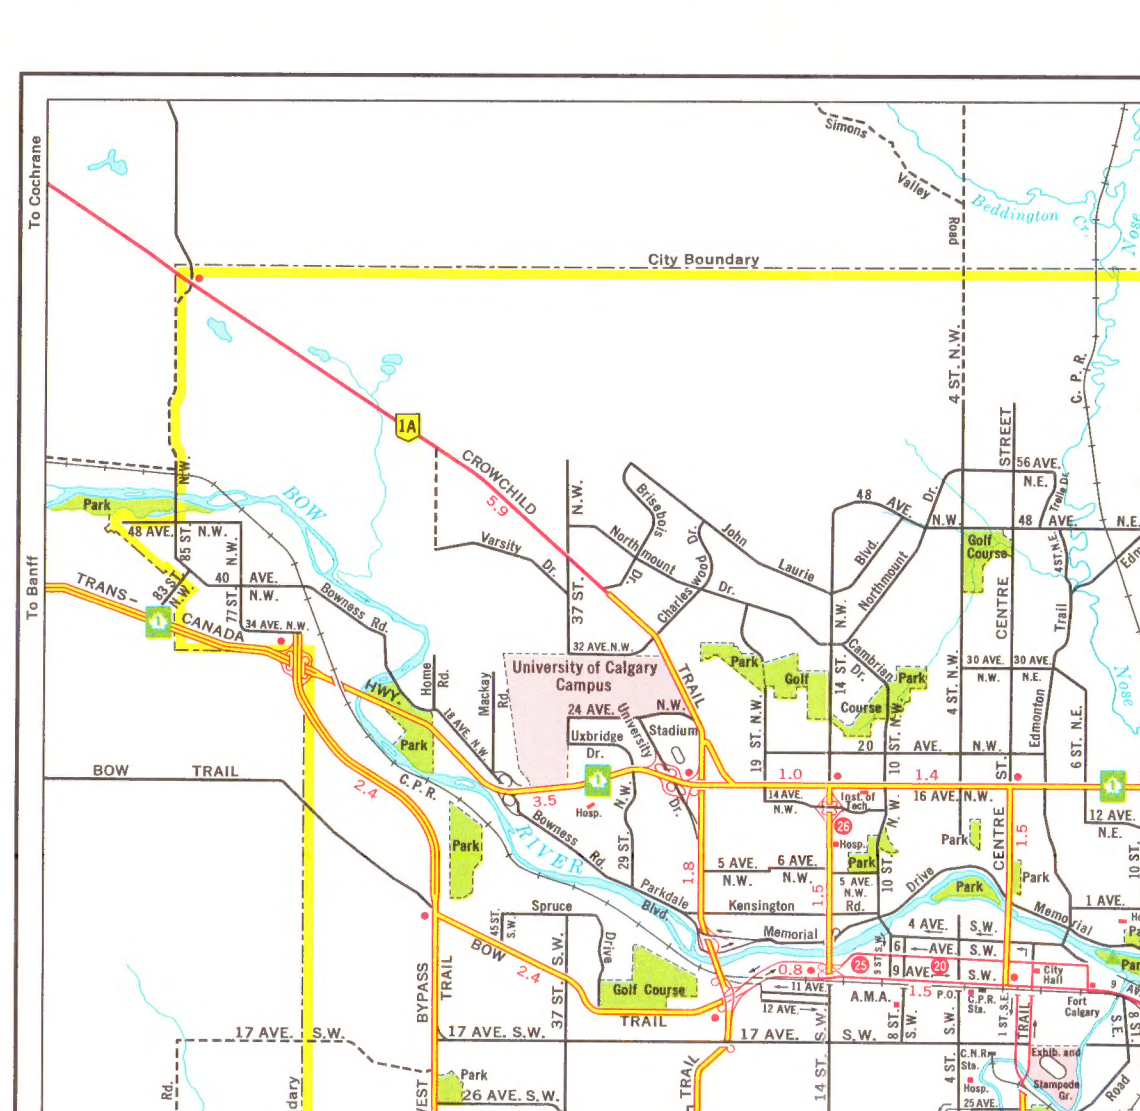

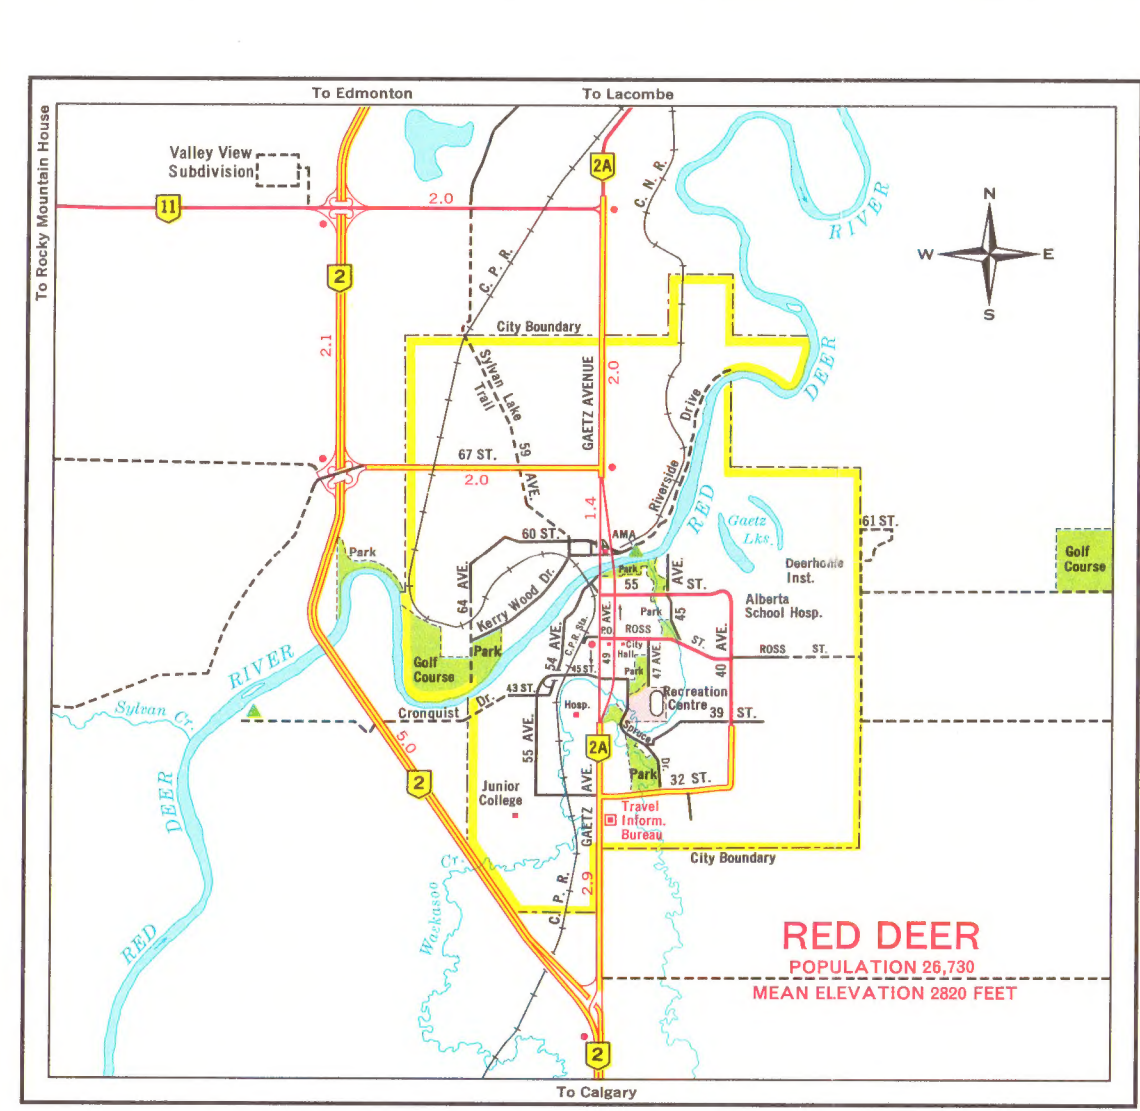

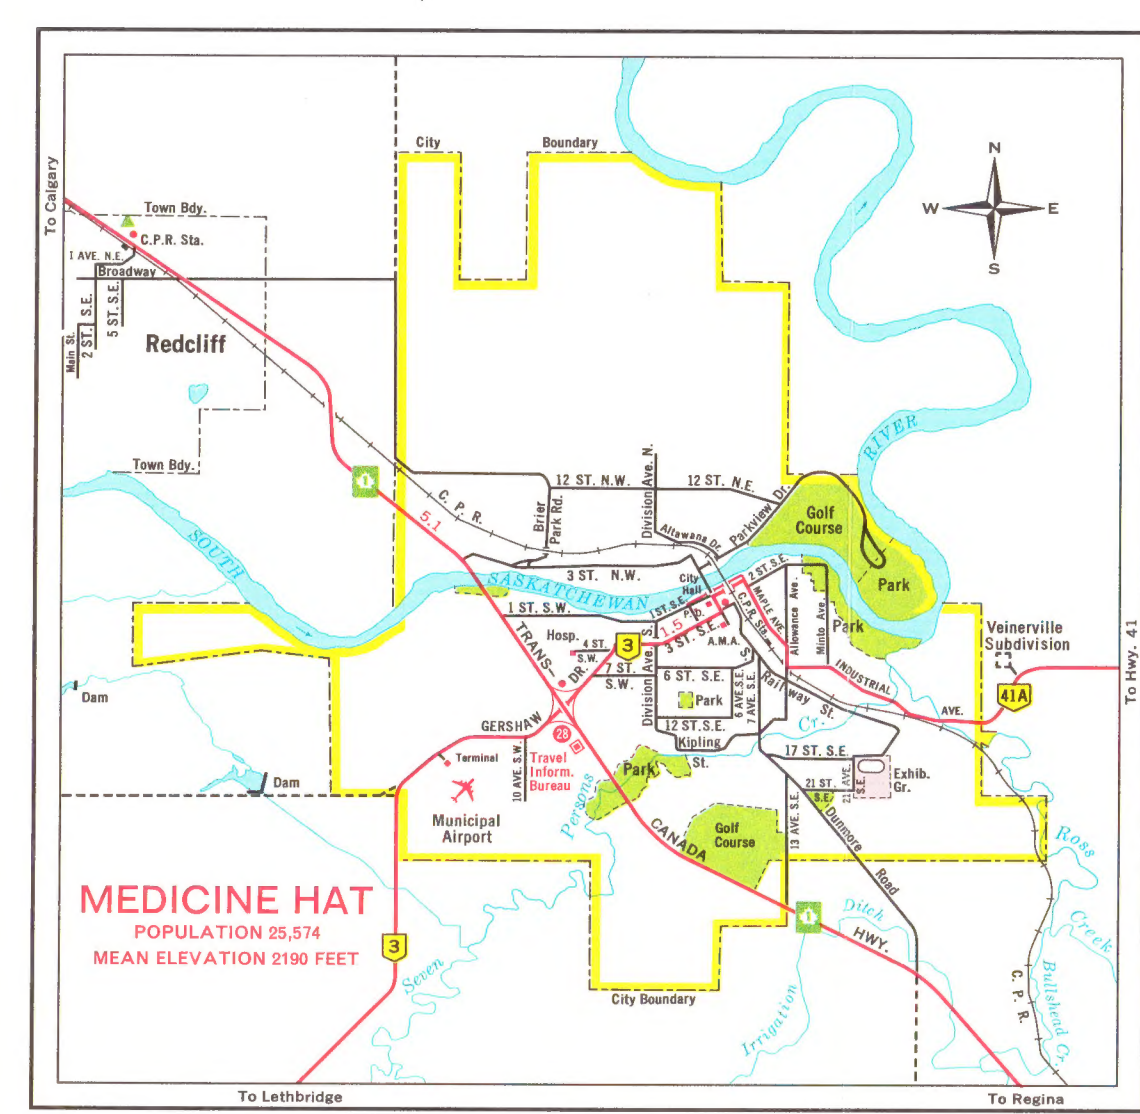

The Mackenzie Highway extends from Grimshaw, 16 miles west of Peace River to Yellowknife, on the north shore of Great Slave Lake, in the Northwest Territories. The highway is gravelled throughout and is kept open all year. Penetrating some of the most wild and unexplored areas in Canada, it traverses muskegs, jagged ridges, sluggish creeks and rapid rivers. One of the most beautiful waterfalls in Canada is 337 miles north of Grimshaw where the Hay River plunges over a wide ledge, as the Alexandra Falls, into a gorge 100 feet below. Louise Falls and Lady Evelyn Falls are also in this area. Camping facilities are at frequent intervals.

For detailed information about fishing camps, hunting, boat trips, guides, etc., in Northwest Territories write to Travelarc, Yellowknife, Northwest Territories.
